The Urge to Make Society a Better Place

By TCS Xplore | 11 Feb 2021 17:20 | 20 View(s) |

Recommended

Promoting social impact initiatives and nurturing startup ideas are the main objectives of TCS Digital Impact Square (DISQ). A youngster from the first batch of DISQ and his team create a platform that enhances the effectiveness of the police administration and simplifies their job.

DCA Sample Questions - Upgrade your Ninja offer to Digital cadre

By TCS Xplore | 18 Feb 2021 19:33 | 15547 Views |

Recommended

"Practice makes a man perfect". This applies for learning also. We are sharing with you few practice questions that will help you identify the knowledge gaps and alleviate the anxiety you face while taking the proctored assessments. As you are already aware the DCA will be ONLY code-based assessment on one of the five programming languages such as C, C++, Java, Python, and C#. Practice these questions in any one of the programming languages of your preference in the IDE available online. Shortly we will configure the questions in iON lite platform. Practicing here will help you familiarize with the platform as this will be used for the DCA assessment. Wishing you all the very best. [Read Less](#)

Important Update on Incentive Eligibility Criteria

By TCS Xplore | 10 Feb 2021 12:48 | 17588 Views |

Recommended

Dear Candidates,

We are very happy to see your eager participation and involvement in Xplore program and Xplore Proctored Assessments. We wish to inform you that your feedback regarding incentive eligibility through proctored assessments has been considered.

Previously only the scores obtained in the first three attempts of the proctored assessments were considered for incentive eligibility. Now you can attempt the Assessments any number of times and your highest score out of all the attempts will be considered for your eligibility for incentives. All the attempts should be made prior to receiving the Joining letter.

The process and Incentives criteria for the program is as follows:

Incentives	Eligibility	Assessment taken before Apr 30, 2021	Assessment taken after Apr 30, 2021
Readiness Incentive	Clearing TCS Xplore with 55% and above.	INR 40,000 (Forty Thousand only)	INR 20,000 (Twenty Thousand Only)
Competency Incentive	Clearing TCS Xplore with 80% and above.	INR 20,000 (Twenty Thousand only)	

We hope that you will use this opportunity to score even better and aim for higher incentives! All the best!
